The permanent marker which threatened to destroy my life and family!
But it is not the permanent marker to blame...

An open letter to any one who may help!

****

My name is [redacted], I am the second daughter of [redacted]s, the [redacted] of the Lev Tahor community. I live in Chatham-Kent, Ontario.

I'm married and a mother of 3.

I am going through a difficult time.

The Youth Protection of Québec singled our entire community as a target for persecution, in order to achieve their secular agendas. Their persecution was backed up by Israeli institutions that hate us because my father, [redacted] is one of the most famous Jewish opponents of the Zionist regime.

The Youth Protection of Québec used the excuse of schooling regulations to destruct our life by endless and senseless humiliating methods all under the cover of "investigation".

As well known it ended up in finding nothing wrong in our community and then the Youth Protection of Québec called families to court to compel them to comply with the secular curriculum or to face the penalty of their kids seized for ever.

As well known, all families of Lev Tahor, Implemented their long-planned contingency plan of leaving the Province of Quebec and resettling in the Province of Ontario where the laws fits the freedom of religion.

The residents of Chatham-Kent, Ontario had and still welcomed us, supporting us, praying for us and expressed understanding to our sensitive situation. We appreciate it and may Hashem (God) bless them.

However, one small group of people, united under the banner of helping and supporting children, they are known as "Children's Aid Society", for reasons known only to them, they choose to sprinkle salt on our open wounds.

I have no doubt that the Children's Aid Society was convinced on the high level of the care we give for our children; they know that the Quebec authorities didn't find anything wrong after trying so hard to.

Our community tried so much to cooperate with the Children's Aid Society, we open them all the doors, we let them interview again all our children and so on...
